

# The Standard's Stable Asset Fund I

## Historical Performance

From January 1, 2026, through March 31, 2026, the guaranteed annual effective crediting rate is 2.90%.

The Standard's Stable Asset Fund uses a portfolio rate structure in which a single interest-crediting rate is applied to all fund assets regardless of when contributions are made. Standard Insurance Company benchmarks the fund's crediting rates relative to Treasury indices in a process similar to that used by banks and other insurance companies for their products.

The Standard has offered different variations of the Stable Asset Fund for the past 80 years. The Standard's current Stable Asset Fund was launched in April 2011.

Historical Performance For The Standard's Stable Asset Fund as of 12/31/2025								
Q4 2025 Annualized Crediting Rate	3-Month	YTD	1-Year	3-Year	5-Year	10-Year	Since Inception	Total Annual Expense Charge <sup>1</sup>
2.95%	0.74%	2.93%	2.93%	2.77%	2.44%	2.33%	2.32%	0.25%

<sup>1</sup> The expense charge reflects the cost of administration for the product.

Standard Stable Asset Fund is a group annuity product issued by Standard Insurance Company. Amounts contributed and the fulfillment of any guarantees specified in the group annuity contract are insurance claims supported by the full faith and credit of Standard Insurance Company. Standard Stable Asset Fund is neither a mutual fund nor a bank product and is not insured by the FDIC or any other federal governmental agency. Standard Insurance Company periodically resets the interest rate credited on contract balances, subject to a minimum rate specified in the group annuity contract. Past interest rates are not indicative of future rates. Standard Stable Asset Fund may not be available in all states. Information on Standard Stable Asset Fund may be obtained by contacting your Standard Insurance Company representative.
