Employee Benefits

Reports Online℠ E-Services

Secure And Timely Claims Management Information

Policyholders have ready access to disability and life claim status as well as payment and experience data from Standard Insurance Company with Reports Online℠ claims management reports. Available as one of our web-based AdminEASE℠ services, the reports allow employers to quickly check the status of submitted claims, confirm when benefits checks have been issued and monitor claims experience.

Access to Reports Online is simple, yet secure. The Standard uses password protection and advanced encryption technology to provide policyholders with a safe avenue to the available claims data and reports. Once connected, it's as easy as "point and click" to view claims information or to print reports upon demand.

Features And Advantages Of Reports Online

- Provides a secure, private and convenient method for benefits managers to monitor sensitive claims information
- Enables policyholders to limit access to authorized individuals only
- Includes reports designed to satisfy the specific information needs of self-funded and insured groups
- Allows for viewing, downloading and printing of data as needed
- Updates claims status data on a daily basis, including reasons for incomplete, pending, denied and closed claims
- Posts payment records with benefit calculation details on a daily basis
- Provides quarterly case management reports to track and evaluate disability trends and expenses by diagnosis type, occupation and duration
- Provides quarterly diagnosis summary reports for life claims

With Reports Online, it's easier than ever to track and manage claims information.

For more information about how to put AdminEASE or Reports Online services to work for you, contact your insurance advisor or the Employee Benefits Sales and Service Office for your area today at 800.633.8575.
