### Disability Needs Calculator

Your family has a unique set of circumstances and financial demands. To help you figure out the amount of Disability insurance you may need if you become unable to work, The Standard has created a Disability Needs Calculator found at: [standard.com/disability/needs](http://standard.com/disability/needs).

**Employee Coverage Effective Date**

To become insured, you must satisfy the eligibility requirements listed above, serve an eligibility waiting period, receive medical underwriting approval (if applicable), and be actively at work (able to perform all normal duties of your job) on the day before the scheduled effective date of insurance. If you are not actively at work on the day before the scheduled effective date of insurance, your insurance will not become effective until the day after you complete one full day of active work as an eligible employee.

Please contact your human resources representative for more information regarding the requirements that must be satisfied for your insurance to become effective.

**Understanding Your Plan Design**
**Benefit Waiting Period**

If your claim for LTD benefits is approved by The Standard, benefits become payable after you have been continuously disabled for a certain number of days and remain disabled. Benefits are not payable during the benefit waiting period. You may choose between a 90 day benefit waiting period and a 180 day benefit waiting period.

**Own Occupation Definition of Disability**

For the benefit waiting period and the first 24 months for which LTD benefits are paid, you are considered disabled when you are unable as a result of physical disease, injury, pregnancy or mental disorder to perform with reasonable continuity the material duties of your own occupation **OR** are suffering a loss of at least 20 percent of your insured monthly Predisability Earnings when working in your own occupation. You are not disabled merely because your right to perform your own occupation is restricted, including a restriction or loss of license.

**Any Occupation Definition of Disability**

After the own occupation period of disability, you will be considered disabled if you are unable as a result of physical disease, injury, pregnancy or mental disorder to perform with reasonable continuity the material duties of any occupation.

**Maximum Benefit Period**

If you become disabled before age 62, LTD benefits may continue during disability until age 65 or to the Social Security Normal Retirement Age (SSNRA) or 3 years 6 months, whichever is longest. If you become disabled at age 62 or older, the benefit duration is determined by the age when disability begins:

<b><u>Age</u></b>	<b><u>Maximum Benefit Period</u></b>
62	To SSNRA, or 3 years 6 months, whichever is longer
63	To SSNRA, or 3 years, whichever is longer
64	To SSNRA, or 2 years 6 months, whichever is longer
65	2 years
66	1 year 9 months
67	1 year 6 months
68	1 year 3 months
69+	1 year

**Deductible Income**

Deductible income is income you receive or are eligible to receive while LTD benefits are payable. Deductible income includes, but is not limited to:

- Sick pay, personal time off (PTO), annual or personal leave pay, severance pay or other forms of salary contribution (including donated amounts) paid to you by your employer that exceeds 100 percent of your insured monthly Predisability Earnings when added to your LTD benefit
- Benefits under any workers' compensation law or similar law
- Amounts under unemployment compensation law
- Social Security disability or retirement benefits, including benefits for your spouse and children
- Disability benefits from any other group insurance
- Disability or retirement benefits under your employer's retirement plan
- Benefits under any state disability income benefit law or similar law
- Earnings from work activity while you are disabled, plus the earnings you could receive if you work as much as your disability allows

- Amounts due from or on behalf of a third party because of your disability, whether by judgment, settlement or other method
- Any amount you receive by compromise, settlement or other method as a result of a claim for any of the above

### Benefit Calculation

#### Example

The LTD benefit amount is determined by multiplying your insured monthly Predisability Earnings by the specified benefit percentage. This amount is then reduced by deductible income. In the example below, the LTD benefit amount is 60 percent of insured monthly Predisability Earnings. If your monthly earnings before becoming disabled were \$4,500, and you now receive a monthly Social Security disability benefit of \$1,200 and a monthly retirement benefit of \$900, your monthly LTD benefit would be calculated as follows:

Insured monthly Predisability Earnings	\$4,500
LTD benefit percentage	X 60%
	<u>\$2,700</u>
Less Social Security disability benefit	-\$1,200
Less retirement benefit	-\$900
<b>Amount of LTD benefit</b>	<b>\$600</b>
