

Optional/Buy-up Long Term Disability (LTD) Insurance

Long Term Disability insurance is designed to pay a monthly benefit to you in the event you cannot work because of a covered illness or injury. This benefit replaces a portion of your income, thus helping you to meet your financial commitments in a time of need. Buy-up LTD insurance offers you the opportunity to choose one of two levels of LTD coverage.

The basic LTD plan is fully paid by the University and provides a basic level of LTD coverage. The buy-up option is paid for by you and provides a higher level of LTD coverage. If the policy becomes effective and you do not elect the buy-up option, you will automatically be enrolled in the basic LTD plan. Standard Insurance Company (The Standard) has developed this document to provide you with information about the optional coverage you may select through the University.

Disability Needs Calculator

Your family has a unique set of circumstances and financial demands. To help you figure out the amount of Disability insurance you may need if you become unable to work, The Standard has created a Disability Needs Calculator found at: <http://www.standard.com/calculators/dineeds.html>

Employee Coverage Effective Date

To become insured, you must satisfy the eligibility requirements listed above, receive medical underwriting approval (if applicable), and be actively at work (able to perform all normal duties of your job) on the day before the scheduled effective date of insurance. If you are not actively at work on the day before the scheduled effective date of insurance, your insurance will not become effective until the day after you complete one full day of active work as an eligible employee.

Please contact your human resources representative for more information regarding the requirements that must be satisfied for your insurance to become effective.

Understanding Your Plan Design

Benefit Waiting Period

If your claim for LTD benefits is approved by The Standard, benefits become payable after the benefit waiting period. This is a specified number of days during which you must remain continuously disabled. Benefits are not payable during the benefit waiting period. The benefit waiting period is the longer of 180 days or the period of accumulated sick leave to which you are entitled from the Employer.

Own Occupation Definition of Disability

For the benefit waiting period and the first 24 months for which LTD benefits are paid, you are considered disabled when you are unable as a result of physical disease, injury, pregnancy or mental disorder to perform with reasonable continuity the material duties of your own occupation **AND** are suffering a loss of at least 20 percent of your indexed predisability earnings when working in your own occupation. You are not disabled merely because your right to perform your own occupation is restricted, including a restriction or loss of license.

Any Occupation Definition of Disability

After the own occupation period of disability, you will be considered disabled if you are unable as a result of physical disease, injury, pregnancy or mental disorder to perform with reasonable continuity the material duties of any occupation.

Understanding Your Plan Design, Continued

Maximum Benefit Period

The maximum benefit period is indicated below. The benefit duration is determined by your age when disability begins:

Age	Maximum Benefit Period
59 or younger	To age 65, or 5 years, if longer
60	5 years
61	4 years
62	3 years 6 months
63	3 years
64	2 years 6 months
65	2 years
66	1 year 9 months
67	1 year 6 months
68	1 year 3 months
69 or older	1 year

Deductible Income

Deductible income is income you receive or are eligible to receive while LTD benefits are payable. Deductible income includes, but is not limited to:

- Benefits under any workers' compensation law or similar law
- Amounts under unemployment compensation law
- Social Security disability or retirement benefits, including benefits for your spouse and children
- Disability benefits from any other group insurance
- Benefits under any state disability income benefit law or similar law
- Earnings or compensation included in predisability earnings which you receive or are eligible to receive while LTD benefits are payable
- Earnings from work activity while you are disabled, plus the earnings you could receive if you worked as much as your disability allows
- Amounts due from or on behalf of a third party because of your disability, whether by judgment, settlement or other method
- Any amount you receive by compromise, settlement or other method as a result of a claim for any of the above

Benefit Calculation

Example The LTD benefit amount is determined by multiplying your insured predisability earnings by the specified benefit percentage. This amount is then reduced by deductible income. In the example below, which assumes the employee has purchased Buy-up LTD coverage, the LTD benefit amount is 60 percent of insured predisability earnings. If your monthly earnings before becoming disabled were \$4,500, and you now receive a monthly Social Security disability benefit of \$1,200 and a monthly retirement benefit of \$900, your monthly LTD benefit would be calculated as follows:

Insured predisability earnings	\$4,500
LTD benefit percentage	X 60%
	<u>\$2,700</u>
Less Social Security disability benefit	-\$1,200
Less retirement benefit	<u>-\$900</u>
Amount of LTD benefit	\$600

Additional Features

Please see your human resources representative for additional information about the features and benefits below.
