

Group Accident Insurance

Keep your finances on track when an accident happens.

Here's How Accident Insurance Works

1 You have an accident.

Your health insurance covers some costs, after you meet your deductible. But you still may have copays and a lot of out-of-pocket expenses.

2 We send you a check.

The Standard will send a check directly to you — not to your medical providers — upon approval of your claim. You decide how you spend the money.

3 You focus on getting better.

With The Standard helping you handle the unexpected expenses, you get to pay attention to what matters most — your health.

Here's what it does:

- **Pays you directly**, so you can choose how to spend the money.
- **Pays you for what happens**, regardless of your other coverage.
- **Provides coverage without answering any medical questions**
- Gives you the option to **cover your spouse and children**.
- **You pay the same premium** for as long as you have your coverage.

This coverage from Standard Insurance Company (The Standard) can help you stress less about unexpected medical bills.

Here's an example of benefits paid for a covered accident:
