

Group Accident Insurance

Keep your finances on track when an accident happens.

Here's How Accident Insurance Works

1 You have an accident.

Your health insurance covers some costs, after you meet your deductible. But you still may have copays and a lot of out-of-pocket expenses.

2 We send you a check.

The Standard will send a check directly to you — not to your medical providers — upon approval of your claim. You decide how you spend the money.

3 You focus on getting better.

With The Standard helping you handle the unexpected expenses, you get to pay attention to what matters most — your health.

Here's what it does:

- **Pays you directly**, so you can choose how to spend the money.
- **Pays you for what happens**, regardless of your other coverage.
- **Goes with you** if you leave your employer.
- **Provides coverage without answering any medical questions.**
- Gives you the option to **cover your spouse and children.**
- **Pays an additional 25 percent benefit** if your child, 18 or under, is injured playing organized sports.
- **You pay the same premium** for as long as you have your coverage.
- Provides the convenience of having your **premium payments deducted directly from your paycheck.**

This coverage from Standard Insurance Company (The Standard) can help you stress less about unexpected medical bills.

**IMPORTANT NOTICE TO PERSONS ON MEDICARE:

Some healthcare services paid for by Medicare may also trigger the payment of benefits from this policy.

This insurance pays a fixed dollar amount, regardless of your expenses, for each day you meet the policy conditions. It does not pay your Medicare deductibles or coinsurance and is not a substitute for Medicare Supplement insurance.

Medicare generally pays for most or all of these expenses.

- Hospice
- Outpatient prescription drugs if you are enrolled in Medicare Part D
- Other approved items and services

This policy must pay benefits without regard to other health benefit coverage to which you may be entitled under Medicare or other insurance.
