Group Critical Illness Insurance

Help cover out-of-pocket expenses associated with a serious illness.

You may have medical insurance. But that doesn’t mean you’re covered for all of the expenses resulting from a serious illness that you probably haven’t budgeted for — things like copays, deductibles, loss of income, child care and travel expenses. Group Critical Illness insurance helps fill the gap caused by these out-of-pocket costs, creating a financial safety net for you and your family.

Help ensure your financial plans stay healthy even when you’re not.

Critical Illness insurance is an affordable way to make up the difference between what your medical insurance covers and what you’d owe out of pocket if you or a family member were to be diagnosed with a covered critical illness. It’s protection that’s also convenient: Your premium payments are deducted directly from your paycheck.

An Extra Layer of Protection

Critical Illness insurance can make a big difference in your ability to pay out-of-pocket expenses associated with a serious illness. It pays a lump-sum benefit directly to you upon diagnosis of a covered illness, regardless of your treatment costs or what’s covered by your medical insurance. Elect coverage in an amount of your choosing: $10,000 or $20,000.

With Critical Illness insurance, you can:

- **Update your coverage as needed.** As your life circumstances change, increase* or decrease your coverage.
- **Lock in your rate.** For example, if you’re 35 when your coverage becomes effective, you’ll pay a 35-year-old’s rate for as long as you have the coverage. If you increase your coverage amount at age 45, you will continue to pay a 35-year-old’s rate for that increased coverage amount for so long as you have that increased coverage amount.
- **Take it with you.** If you leave your job, you can take your coverage with you.
- **Pick and choose how to spend your benefit.** Spend your lump-sum benefit however you want.
- **Protect your loved ones.** Cover your spouse up to $20,000, as long as it’s not more than your benefit amount. Your kids are automatically covered at 25 percent of the amount elected for yourself for the same critical illnesses that you are. Kids are also covered for 21 additional childhood diseases, including cystic fibrosis, Down syndrome, muscular dystrophy, spina bifida and cerebral palsy.
- **Receive additional benefits.** If you are diagnosed with a covered illness again after a treatment-free period of 12 months, you will receive 25 percent of the original benefit amount. If you are diagnosed with a different and subsequent covered illness at least 90 days after the diagnosis of the first critical illness, you will receive an additional Critical Illness insurance benefit.

Chances are good that a family member, friend or colleague of yours has endured a critical illness. You may have even seen that person struggle to pay the bills. Think of Critical Illness insurance as financial peace of mind, so you don’t have to choose between paying for medical bills and helping send your daughter to the college of her dreams.

*Evidence of good health may be necessary in some cases; see the Important Details section for more information.
Here’s how it works:

John has $10,000 of Critical Illness insurance coverage. He makes an appointment with his doctor after feeling off for the past few weeks. Diagnosis: cancer, with a good prognosis but a long road ahead. Within days of making a claim, John receives his Critical Illness insurance benefit paid directly to him. As John undergoes intensive treatment over the next few months, he can use the benefit for any purpose, including to pay for things that his medical insurance does not cover. Things like the deductible, copays, child care, certain medications, time away from work, alternative treatments and a special diet.

Critical Illness insurance can make a big difference in your ability to pay out-of-pocket expenses associated with a serious illness that are not covered by medical insurance.

| **Receive 25 percent of your coverage amount for:** |
| • Severe coronary artery disease with recommendation for bypass surgery |
| • Carcinoma in situ (cancer that has not metastasized) |

Initial diagnosis and initial recommendation must occur after your coverage becomes effective.
Affordable Group Rates

Because you’ll be buying this insurance through Standard Insurance Company, you’ll have access to affordable group rates. You’ll also have the convenience of having your premium deducted directly from your paycheck. Your rates will not increase as you grow older – meaning you’ll have the same semimonthly payment for as long as you have your coverage.

If you wish to apply for an amount greater than the Guarantee Issue Amount, $10,000 for your spouse, complete a brief health questionnaire (also known as evidence of insurability).

The semimonthly premiums you would pay for Critical Illness insurance benefits are based on the ages of you and your spouse and whether or not you or your spouse use tobacco. The rates below are not combined rates for you and your spouse, rather they are the rates for each of you individually.

Important Details
Here’s where you’ll find the nitty-gritty details about Critical Illness Insurance.

Continuation of Insurance
You can continue your coverage through direct bill — at the same rate you would pay today — if your employment ends, the group policy terminates or your insurance ends because you no longer meet the eligibility requirements.

Eligibility Requirements
To be eligible for this coverage, you must be a regular employee of Standard Insurance Company, actively working in the United States at least 20 hours per week and a citizen or resident of the United States or Canada. Temporary and seasonal employees, full-time members of the armed forces, leased employees and independent contractors are not eligible.

You can choose to cover your spouse, a person to whom you are legally married, or your domestic partner as recognized by law, or your civil union partner. You can also cover your child(ren) from birth to age 26. Your child(ren) cannot be insured by more than one employee. Your spouse or child(ren) must not be full-time member(s) of the armed forces. You cannot be insured as both an individual and a dependent.

A minimum number of eligible employees must apply and qualify for the proposed plan before Critical Illness insurance coverage can become effective.

Your Effective Date
You must satisfy the eligibility requirements listed above, serve an eligibility waiting period, receive evidence of good health underwriting approval (if applicable), agree to pay premium and be actively at work (able to perform all normal duties of your job) on the day before the scheduled effective date of insurance.

If you are not actively at work on the day before the scheduled effective date of insurance, your insurance will not become effective until the day after you complete one full day of active work as an eligible employee.

Please contact your human resources representative or plan administrator for more information regarding the requirements that must be satisfied for your insurance to become effective.

Evidence of Good Health
During Standard Insurance Company’s annual open enrollment period you may enroll in coverage up to $20,000 for yourself or $10,000 for your spouse without providing evidence of insurability. However, if evidence of insurability was previously submitted and not approved, evidence of insurability will not be waived.

You and your spouse will need to provide evidence of good health by completing a brief questionnaire for the following situations:

- Your spouse’s coverage amount is higher than the Guarantee Issue Amount
- All late applications (applying 30 days after becoming eligible), outside Standard Insurance Company’s annual open enrollment period
- Reinstatements, if required
- If you or your spouse were required to provide evidence of good health under a prior period of eligibility and either:
  - Did not provide it, or
  - We did not approve it

Changes in Your Insurance
To increase your or your spouse’s insurance, you can apply in writing. Evidence of good health will be required:

- If you or your spouse were required to provide evidence of good health under a prior period of eligibility and either:
  - Did not provide it, or
  - We did not approve it

Family Status Change
In the event of a family status change, you and your spouse or domestic partner or civil union partner may enroll for coverage up to the Guarantee Issue Amount without evidence of good health if you or your spouse or domestic partner or civil union partner enroll within 30 days of the change. However, we will not waive evidence of good health if you or your spouse or domestic partner or civil union partner previously submitted evidence and it was not approved by us. Family status change include:

- Your marriage or divorce or dissolution of your civil union or domestic partner relationship
- The birth of your child
- The adoption of a child
- The death of your dependent
- The commencement or termination of your spouse’s employment
- A change in employment from full-time to part-time by your spouse
Group Critical Illness Insurance

- A loss of critical illness insurance through your spouse’s employment

Reoccurrence Benefit
If you or your dependents receive a benefit for a covered critical illness and are later diagnosed with the same critical illness, a one-time reoccurrence benefit will be paid if you or your dependents have:

- Been continuously insured under the group policy between the initial and subsequent diagnosis or recommendation
- Served a 12-month treatment-free period in connection with the critical illness during which you or your dependents did not:
  - Consult a physician or other licensed medical professional
  - Receive medical treatment, services or advice
  - Undergo diagnostic procedures, including self-administered procedures
  - Take prescribed drugs or medications

Exclusions
Benefits are not payable if a critical illness is caused or contributed to by any of the following:
- War or any act of war
- Attempted suicide or other intentionally self-inflicted injury, while sane or insane
- Committing or attempting to commit an assault, felony or act of terrorism
- Active participation in a violent disorder or riot
- The voluntary use or consumption of any poison, chemical compound, drug or alcohol in excess of the legal limit in the state the critical illness occurred, unless used or consumed according to the directions of a physician
- Initial diagnosis outside of the United States or Canada
- Elective surgery or other procedure which:
  - Does not promote the proper function of your or your dependent’s body or prevent or treat sickness or injury
  - Is directed at improving your or your dependent’s appearance, unless such surgery or procedure is necessary to correct a deformity resulting from a congenital abnormality or disfigurement

Note: This exclusion will not apply to a critical illness caused or contributed to by your or your dependent’s donation of an organ or tissue.

Preexisting Condition Exclusion
Preexisting conditions can affect your coverage if they occurred at any time during the 365-day period just before the date your or your dependent’s insurance or an increase in coverage amount becomes effective.

Preexisting conditions are defined as:
- A mental or physical condition (whether or not diagnosed) for which you or your dependent consulted a physician or other licensed medical professional; received medical treatment, services or advice; undergone diagnostic procedures including self-administered procedures; or taken prescribed drugs or medications.
- A mental or physical condition that was discovered as a result of any medical examination, including a routine examination.

You or your dependent will not be covered for a critical illness if it is caused or contributed to by a preexisting condition or medical or surgical treatment of a preexisting condition. The preexisting condition will be covered if, on the date you or your dependent incur the critical illness:

- You or your dependent have been continuously insured under the group policy for 12 months
- You have been actively at work for at least one full day after the end of that 12 months

You and your dependents will not be covered for an increase in coverage amount if your or your dependent’s critical illness is caused or contributed to by a preexisting condition or medical or surgical treatment of a preexisting condition. The preexisting condition will be covered if, on the date you or your dependent incur the critical illness:

- You or your dependent have been continuously insured for the increase in coverage amount under the group policy for 12 months
- You have been actively at work for at least one full day after the end of that 12 months

When Your Insurance Ends
Your insurance ends if you notify your employer or policyholder to terminate your coverage, you stop making premium payments, your employment terminates, you reach age 80, you cease meeting the member definition or the group policy terminates.

Child and spouse insurance ends when your insurance ends, they cease to meet the definition of child or spouse, you stop making premium payments for spouse insurance, your spouse reaches age 80, spouse or child insurance is no longer offered under the group policy or the group policy terminates.

Group Insurance Certificate
If coverage becomes effective and you become insured, you will receive a group insurance certificate containing a
Group Critical Illness Insurance

detailed description of the insurance coverage, including the definitions, exclusions, limitations, reductions and terminating events. The controlling provisions will be in the group policy. The information present in this summary does not modify the group policy, certificate or the insurance coverage in any way.

About Standard Insurance Company

For more than 100 years, we have been dedicated to our core purpose: to help people achieve financial well-being and peace of mind. Headquartered in Portland, Oregon, The Standard is a nationally recognized provider of group employee benefits. To learn more about products from The Standard, visit us at www.standard.com.

IMPORTANT NOTICE TO PERSONS ON MEDICARE: THIS IS NOT MEDICARE SUPPLEMENT INSURANCE

Some healthcare services paid for by Medicare may also trigger the payment of benefits from this policy.

This insurance pays a fixed dollar amount, regardless of your expenses, if you meet the policy conditions, for one of the specific diseases or health conditions named in the policy. It does not pay your Medicare deductibles or coinsurance and is not a substitute for Medicare Supplement insurance.

Medicare generally pays for most or all of these expenses.

Medicare pays extensive benefits for medically necessary services regardless of the reason you need them. These include:

- Hospitalization
- Physician services
- Hospice
- Outpatient prescription drugs if you are enrolled in Medicare Part D
- Other approved items and services

This policy must pay benefits without regard to other health benefit coverage to which you may be entitled under Medicare or other insurance.

Before you buy this insurance:

- Check the coverage in all health insurance policies you already have.
- For more information about Medicare and Medicare Supplement insurance, review the Guide to Health Insurance for People with Medicare, available from Standard Insurance Company.
- For help in understanding your health insurance, contact your state insurance department or state health insurance assistance program (SHIP).
