

Group Hospital Indemnity Insurance

Keep your finances on track when you're in the hospital.

Medical insurance is important. Especially when you have a hospital stay – planned or unplanned. But it can leave you with unexpected bills and out-of-pocket costs. Group Hospital Indemnity insurance can help cover unexpected out-of-pocket expenses such as copays, deductibles and out-of-network charges, as well as everyday living expenses. It pays a benefit directly to you for hospital stays, regardless of your treatment costs or other insurance coverage you might have.

Complement your HSA Account

Contributing to an HSA is a great way to save for medical expenses. It can, however, take a long time to save enough to fully cover your medical deductible and out-of-pocket maximum. Hospital Indemnity insurance provides financial protection while you are building your HSA assets. Contact State of Nevada Public Employees' Benefits Program to determine if this Hospital Indemnity plan impacts the taxability of your contributions to an HSA.

A cash benefit when you need it.

Even the best budgeters can forget to set aside money for medical expenses. Hospital Indemnity insurance provides a way to cover unexpected out-of-pocket expenses when you end up in the hospital. It also allows you to:

- **Choose how to spend your benefit.** It's your money — spend it however you want, whether it's to pay for your groceries, rent or medical bills.
- **Get a break from paying premiums during long hospital stays.** If you are in the hospital for more than 30 days, you will be able to stop making premium payments until you're discharged.

Regardless of what other insurance coverage you may have, Hospital Indemnity insurance pays you a fixed benefit for every day you are in the hospital.

Here's how it works:

Kim is out of town on a business trip when she experiences abdominal pain and a racing heartbeat. Diagnosis: ruptured gastric ulcer. She is rushed to the hospital, admitted and taken into surgery. She ends up being hospitalized for 10 days, three of which are in a critical care unit.

Kim's husband flies to be at her side. The family now faces additional costs for travel.
