Voluntary Long Term Disability Insurance

What Your Benefit Provides

This is the amount per month you would receive if you experience a qualifying disability. Eligible earnings are your monthly insured predisability earnings, as defined by the group policy. Your monthly benefit will be reduced by deductible income. Please see the Important Details section for a list of deductible income sources.

Your LTD Benefit is equal to the multiple of \$500 you have elected, from \$1,500 through \$7,500 (not to exceed 66 2/3 percent of your Predisability Earnings), and for which we have approved coverage, reduced by Deductible Income.

Benefit Waiting Period

If you experience a qualifying disability, your benefit waiting period is the length of time you must be continuously disabled before you become eligible to receive your monthly benefit.

60 days or 120 days, as elected by you and approved by us

How Long Your Benefits Last

This is the maximum length of time you could be eligible to receive disability benefits for a continuous disability.

For Five years

Depending on your age at the time of disability, your benefits may be subject to a different schedule. Refer to the Maximum Benefit Period table in the Important Details section for specifics.

See the Important Details section for more information, including requirements, exclusions, limitations and definitions.

Additional Features

Help With Returning To Work

This plan provides incentives to help you get back to work. For instance, you'll get help paying for some of the expenses associated with participating in an approved rehabilitation plan.

If a worksite modification would enable you to return to work, the coverage can help your employer make approved modifications.

Survivors Benefit

If you die while receiving benefits, your survivor may be eligible to receive a one-time additional payment.

How Much Your Coverage Costs

Because this insurance is offered through School Administrators Special Services, you'll have access to competitive group rates that may be more affordable than those available through individual insurance. You'll also have the convenient payment options as we offer payroll deduction and ACH.

Definition of Disability

For the benefit waiting period and the first 12 months to the end of the maximum benefit period that Long Term Disability benefits are payable, you will be considered disabled if, as a result of physical disease, injury, pregnancy or mental disorder:

- You are unable to perform with reasonable continuity the material duties of your own occupation, and or
- You suffer a loss of at least 20 percent of your predisability earnings when working in your own occupation.

You are not considered disabled merely because your right to perform your own occupation is restricted, including a restriction or loss of license.

After the own occupation period of disability, you will be considered disabled if, as a result of a physical disease, injury, pregnancy or mental disorder, you are unable to perform with reasonable continuity the material duties of any occupation.

Maximum Benefit Period

To age 65, or for 5 years, whichever is shorter. If you become disabled at age 62 or older, the benefit duration is determined by the age when disability begins:

Age	Maximum Benefit Period
61 or younger	To age 65, or for 5 years, whichever is shorter
62	3 years 6 months
63	3 years
64	2 years 6 months
65	2 years
66	1 year 9 months
67	1 year 6 months
68	1 year 3 months
69 or older	1 year

- Amounts due from or on behalf of a third party because of your disability, whether by judgment, settlement or other method
- Any amount you receive by compromise, settlement or other method as a result of a claim for any of the above

Benefit Calculation Example

The Long Term Disability benefit amount is determined by multiplying your insured predisability earnings by the specified benefit percentage. This amount is then reduced by deductible income. In the example below, the Long Term Disability benefit amount is 60 percent of insured predisability earnings. [If your monthly earnings before becoming disabled were \\$4,500, and you now receive a monthly State Disability insurance benefit of \\$1,200 and a monthly retirement benefit of \\$900, your monthly Long Term Disability benefit would be calculated as follows:](#)

Insured predisability earnings	\$4,500
Long Term Disability benefit percentage	X 60 %
	\$2,700
Less State Disability insurance benefit	-\$1,200
Less retirement benefit	-\$900
Amount of Long Term Disability benefit	\$600*

*Please note your Long Term Disability benefit amount may vary based on your own circumstances including earnings, whether your employer has a retirement plan and the amount of their contribution

When Your Insurance Ends

[Your insurance ends automatically when any of the following occur:](#)

- The date the last period ends for which a premium was paid
- The date your employment terminates
- The date the group policy terminates
- The date you cease to meet the eligibility requirements (insurance may continue for limited periods under certain circumstances)
- The date School Administrators Special Services ends participation in the group policy

Group Insurance Certificate

If coverage becomes effective, and you become insured, you will receive a group insurance certificate containing a detailed description of the insurance coverage, including the definitions, exclusions, limitations, reductions and terminating events. The controlling provisions will be in the group policy. The information present in this summary does not modify the group policy, certificate or the insurance coverage in any way.
