Optional Life Insurance

Kansas Public Employees Retirement System

Act Now to Help Protect Your Family's Future

Let's explore your basic and optional life insurance.

Having a lot of benefit choices is great — but can be confusing! You may be wondering... which ones are the best for me and my family?

Think of insurance as a safety net. It can help protect you and your loved ones when life doesn't go as planned. It can help pay for medical bills, college education and more — preserving your financial security.

Enrolling for coverage is an easy way to make sure your loved ones have the protection they need when they need it most.

Use this guide to learn more about your KPERs life insurance options from Standard Insurance Company (The Standard).

KPERs' life insurance offers competitive group rates. You decide how much you need and pay the premiums through payroll deductions.

Protect Your Loved Ones

Life insurance helps take care of your family if something happens to you. It can help your loved ones get through a difficult time and pay for important things, like a home or college plans.

Accidental Death and Dismemberment (AD&D) insurance covers you if you experience an occupational assault, or accidental death and dismemberment. Some exclusions apply. For full details, see the insurance certificate available at kspers.gov.

Estimate How Much Coverage You Need

Each family has a unique set of circumstances and financial needs. To help you calculate how much optional life insurance you need to protect your loved ones, visit our online Life Insurance Needs Calculator at standard.com/mybenefits/kpers/needs.html.

Optional Life Insurance

For all KPERS, KP&F and Judges Members

We can help provide for your family when you can't.

KPERS Optional Life Insurance is additional coverage beyond basic life insurance that helps you protect what matters most – your family. This coverage can help provide financial support and stability to your family if you pass away or have a serious accident.

Life insurance can help make things easier for the people you care about.

How Much Life Insurance Do You Need?

Consider your family's everyday expenses and big-ticket items. How will they manage without your income? How much help do they need to maintain their standard of living? Pay off debt? And fund your children's education?

Accidental Death and Dismemberment (AD&D) insurance

provides coverage for accidental death and dismemberment. It provides an extra layer of protection if you die or have a covered injury due to an accident.

What's at Stake.

A death or serious accident might leave your family facing expenses they couldn't pay without your income. That could include extra costs for medical care or a funeral.

Your KPERS Optional Life Insurance offers competitive group rates, which may be more affordable than those available through individual insurance. You pay the cost of this coverage through payroll deduction. Many employers offer optional insurance, including the State of Kansas. Please check with your employer to be sure.

Plan now to help your family cover future expenses like:
