## Frequently Asked Questions

Using your Supplemental insurance means you may have hit one of life's rough spots. We're sorry about any difficulties you're going through — and we're here to help.

### What is Supplemental insurance and how does it work?

Accident, Critical Illness/Specified Disease, and Hospital Indemnity insurance are types of Supplemental insurance provided by The Standard.

These plans can help you pay bills that medical insurance doesn't cover. They pay a cash benefit directly to you for covered treatments or conditions.

### How can I access Supplemental Benefits?

To receive the cash benefits from your plan, you need to file a claim that we approve. We make the process easy, so you can focus on what matters most — your health.
