Group Voluntary Disability Insurance

Employee Benefits

Protect Your Income and Financial Future

Chances are you already purchase home, auto and life insurance to protect yourself and your family against the threat of loss. And you probably have health insurance to guard against costly medical bills.

So what steps have you taken to help shield yourself and your loved ones from an unexpected loss of income? Would you be able to meet your financial obligations if you became disabled and unable to work?

Group Voluntary Disability insurance from Standard Insurance Company (The Standard[®]) is designed to pay a benefit to you if you cannot work because of a covered illness or injury. This benefit replaces a portion of your income, helping you meet your financial commitments in a time of need.

The Risk of Disability

The risk of disability may be greater than you think. Recent statistics have shown:

- Just over 1 in 4 of today's 20 year-olds will become disabled before they retire.¹
- Less than 5 percent of disabling accidents and illnesses are work related. The other 95 percent are not, meaning Workers' Compensation doesn't cover them.²
- Can your family live on \$1,146 a month? That's the average monthly benefit paid by Social Security Disability Insurance (SSDI) in 2014.¹
- The leading causes of new disability insurance claims in 2012 were musculoskeletal/connective tissue disorders, cancer, injuries and poisoning, mental disorders, and cardiovascular/circulatory disorders.²
