Group Hospital Indemnity coverage is designed to provide, to insured persons, coverage in the form of a fixed daily benefit during periods of confinement resulting from a covered accident or sickness, subject to any limitations set forth in your certificate. Coverage is not provided for any benefits other than the fixed daily indemnity for confinement benefits described and any additional benefit described below.

This IS NOT MEDICARE SUPPLEMENT coverage. If you are eligible for Medicare, review the Guide to Health Insurance for People With Medicare available from the company.

GENERAL BENEFIT INFORMATION

We pay the following benefit(s) for the confinement a covered person in a hospital or other facility as defined, and for other benefits as described in the certificate. Such confinement, service or medical care must be: (a) incurred by a covered person while coverage is in force on that person; and (b) provided for the care of sickness or injury of a covered person. Any loss not stated below is not covered. Confinement, care or services must be received in the United States or its territories.

HOSPITAL CONFINEMENT BENEFIT(S)

Daily Hospital Confinement. We pay the amount stated on page 3 of the certificate per day when a covered person is confined in a hospital.

If the First Day Hospital Confinement benefit is included in your certificate and is payable, this benefit pays for each day after the first day of a continuous confinement in a hospital for one day less than the maximum number of days stated in your marketing and/or enrollment material. If the First Day Hospital Confinement benefit is not included in your certificate or not payable, this benefit pays for each day of a continuous confinement in a hospital for the maximum number of days stated in your marketing and/or enrollment material.

This benefit is not payable for any day for which the First Day Hospital Confinement benefit (*if included in your certificate*) is payable.
