#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND GOING CONCERN

#### A. Accounting Practices

The Standard Life Insurance Company of New York (the "Company") was licensed in New York in 2000. The Company currently markets group life and accidental death and dismemberment insurance, group and individual disability insurance, group dental and vision insurance, group supplemental insurance, and family leave and absence management products in New York through brokers and its own representatives.

The accompanying statutory basis financial statements of the Company have been prepared in conformity with accounting practices prescribed or permitted by the New York State Department of Financial Services ("Department"). Only statutory accounting practices so prescribed or permitted by the Department can be used in determining and reporting the financial condition and results of operations of an insurance company and for determining its solvency under New York Insurance Law.

The National Association of Insurance Commissioners' ("NAIC") Accounting Practices and Procedures Manual, ("NAIC SAP"), including the Statements of Statutory Accounting Principles ("SSAP") as updated by the NAIC, has been adopted with some exceptions by the Department.

A reconciliation of the Company's net income and surplus between the NAIC SAP and practices prescribed and permitted by the State of New York is shown below:

B. Use of Estimates in the Preparation of the Financial Statements

There was no significant change in the use of estimates for the first three months of 2024.

- C. Accounting Policy
  - (1) The Company did not have any SVO-Identified investments that are being reported at a different measurement from that used in a prior period.
  - (2) Loan-backed and structured securities are carried at either amortized cost or the lower of amortized cost or fair value in accordance with the provisions of SSAP No. 43R – *Loan-Backed and Structured Securities*. For loan-backed and structured securities, the effective yield is based on estimated cash flows, including prepayment assumptions based on data from widely accepted third-party data sources. Significant changes in estimated cash flows from the original purchase assumptions are accounted for using the prospective method.
- D. Going Concern

Management does not have any substantial doubt about the Company's ability to continue as a going concern.

#### 2. ACCOUNTING CHANGES AND CORRECTIONS OF ERRORS

#### Accounting Changes

There were no significant accounting changes for the first three months of 2024.

#### Corrections of Errors

There were no corrections of errors for the first three months of 2024.

#### 3. BUSINESS COMBINATIONS AND GOODWILL

The Company was not a direct party to any business combinations and did not have any goodwill as of March 31, 2024.

#### DISCONTINUED OPERATIONS 4.

The Company did not have any discontinued operations for the first three months of 2024.

#### 5. INVESTMENTS

Fixed maturity securities represented 51.6% and commercial mortgage loans represented 42.7% of total cash and invested assets as of March 31, 2024.

A. Mortgage Loans, including Mezzanine Real Estate Loans

The Company had no net realized losses attributable to the disposal of commercial mortgage loans for the first three months of 2024 and 2023.

#### B. Debt Restructuring

The Company did not hold any commercial mortgage loans in good standing with restructured terms as of March 31, 2024, or December 31, 2023.

C. Reverse Mortgages

The Company did not have any reverse mortgages as of March 31, 2024.

D. Loan-Backed Securities

- (1) The Company did not hold any loan-backed or structured securities as of March 31, 2024.
- (2) a. The Company did not recognize any other-than-temporary impairments ("OTTI") for loan-backed and structured securities on the basis of the intent to sell for the first three months of 2024.

The Company did not recognize any OTTI on the basis of the inability or lack of intent to hold the loan-backed b. and structured securities for a period of time sufficient to recover the amortized cost basis for the first three months of 2024.

- (3) The Company did not recognize any OTTI on loan-backed and structured securities where the present value of cash flows expected to be collected was less than the amortized cost basis for the first three months of 2024.
- (4) As of March 31, 2024, all impaired securities (fair value is less than cost or amortized cost) for which an OTTI has not been recognized in earnings as a realized loss (including securities with a recognized OTTI for non-interest related declines when a non-recognized interest related impairment remains):

a.	The aggregate amount of unrealized losses:	
	1. Less than 12 months	\$ 56,240
	2. 12 months or longer	13,500,071
b.	The aggregate related fair value of securities with unrealized losses:	
	1. Less than 12 months	\$ 7,101,471
	2. 12 months or longer	133,322,884

- (5) The Company expects the fair value of the fixed maturity securities above to recover as the fixed maturity securities approach their maturity dates or sooner if market yields for such fixed maturity securities decline. The Company does not believe that any of the fixed maturity securities are impaired due to credit quality or due to any company or industry specific event. Based on the Company's evaluation of the securities and intent to hold the securities, and as it is unlikely that the Company will be required to sell the securities, none of the unrealized losses summarized above are considered other-than-temporary.
- E. Dollar Repurchase Agreements and/or Securities Lending Transactions

The Company did not have any dollar repurchase agreements or securities lending transactions for the first three months of 2024.

F. Repurchase Agreements Transactions Accounted for as Secured Borrowing

#### 13. CAPITAL AND SURPLUS, SHAREHOLDERS' DIVIDEND RESTRICTIONS AND QUASI-REORGANIZATIONS

- A. The Company had 200,000 shares of common stock, with a par value of \$10 per share authorized, issued and outstanding as of March 31, 2024. All the shares are owned by its parent, StanCorp.
- B. The Company had no preferred stock issued and outstanding as of March 31, 2024.
- C. The New York State Insurance Law allows the Company, without prior regulatory clearance, to pay stockholder dividends to StanCorp in any calendar year based on either the "greater of" or "lessor of" standard. The Company is required to file notice not less than 30 days in advance with the Superintendent of Financial Services ("Superintendent) if it wants to distribute dividends in excess of the amount permitted under the standard selected and permits the Superintendent to disapprove the distribution if the Superintendent finds that the condition of the insurer does not warrant the distribution. Under New York State Insurance Law, the Superintendent has broad discretion in determining whether the financial condition of a stock life insurance company would support the payment of such dividends to its stockholders. Based on amounts for the year ended December 31, 2023, the Company could pay StanCorp a stockholder dividend of up to \$17.6 million in 2024 without prior approval of the Superintendent.
- D. The Company did not make any ordinary cash dividend distributions in the first three months of 2024.
- E. Within the limitations of ordinary dividends above, there were no restrictions placed on the portion of the Company's profits that may be paid as ordinary dividends to shareholders as of March 31, 2024.
- F. There were no restrictions placed on the Company's surplus, including for whom the surplus is being held as of March 31, 2024.
- G. There were no advances to surplus not repaid as of March 31, 2024.

# 19. DIRECT PREMIUM WRITTEN/PRODUCED BY MANAGING GENERAL AGENTS/THIRD PARTY ADMINISTRATORS

There was no significant change in direct premium written/produced by managing general agents/third party administrators for the first three months of 2024.

#### 20. FAIR VALUE MEASUREMENTS

- A. (1) The Company did not have any assets or liabilities reported at fair value on a recurring basis as of March 31, 2024.
  - (2) The Company did not have any assets or liabilities categorized within Level 3 of the fair value hierarchy on a recurring basis as of March 31, 2024.
  - (3) The Company did not have any assets or liabilities transferred into or out of Level 3 for the first three months of 2024.
  - (4) Valuation techniques and inputs used in the fair value measurement for assets and liabilities.

Assets and liabilities recorded at fair value are disclosed using a three-level hierarchy. The classification of assets and liabilities within the hierarchy is based on whether the inputs to the valuation methodology used for measurement are observable or unobservable. Observable inputs reflect market-derived or market-based information obtained from independent sources while unobservable inputs reflect the Company's estimates about market data.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels: Level 1 inputs are based upon quoted prices in active markets for identical assets or liabilities that the Company can access at the measurement date. Level 2 inputs are based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active and model-based valuation techniques for which all significant assumptions are observable in the market. Level 3 inputs are generated from model-based techniques that use significant assumptions not observable in the market. These unobservable assumptions reflect the Company's estimates of assumptions that market participants would use in pricing the asset or liability.

There are three types of valuation techniques used to measure assets and liabilities recorded at fair value:

- The market approach uses prices or other relevant information generated by market transactions involving identical or comparable assets or liabilities.
- The income approach uses the present value of cash flows or earnings.
- The cost approach, which uses replacement costs more readily adaptable for valuing physical assets.

The Company uses both the market and income approach in its fair value measurements. These measurements are discussed in more detail below.

#### Fixed Maturity Securities

Fixed maturity securities were comprised of the following bond classes:

- U.S. government.
- U.S. political subdivisions.
- U.S. special revenues.
- Industrial and miscellaneous (unaffiliated).

The fixed maturity securities were diversified across industries, issuers, and maturities. The Company calculates fair values for all fixed maturity securities using valuation techniques described below. They are placed into three levels depending on the valuation technique used to determine the fair value of the fixed maturity securities.

The Company uses independent pricing services to assist management in determining the fair value of these assets. The pricing services incorporate a variety of information observable in the market in its valuation techniques, including:

- Reported trading prices.
- Benchmark yields.
- Broker-dealer quotes.
- Benchmark securities.
- Bids and offers.
- Credit ratings.
- Relative credit information.
- Other reference data.

The pricing services also take into account perceived market movements and sector news, as well as a fixed maturity security's terms and conditions, including any features specific to that issue that may influence risk, and thus marketability. Depending on the security, the priority of the use of observable market inputs may change as some observable market inputs may not be relevant or additional inputs may be necessary.

The pricing services provide quoted market prices when available. Quoted prices are not always available due to fixed maturity security market inactivity. The pricing services obtain a broker quote when sufficient information, such as security structure or other market information, is not available to produce a valuation. Valuations and quotes obtained from third-party commercial pricing services are non-binding and do not represent quotes on which one may execute the disposition of the assets.

The significant unobservable inputs used in the fair value measurement of the reporting entity's fixed maturity securities are valuations and quotes received from analytical reviews and broker quotes. Significant increases or decreases in any of those inputs in isolation would result in a significantly lower or higher fair value measurement.

The Company performs control procedures over the external valuations at least quarterly through a combination of procedures that include an evaluation of methodologies used by the pricing services, analytical reviews, back testing of sales activity and maintenance of a securities watch list. As necessary, the Company compares prices received from the pricing services to prices independently estimated by the Company utilizing discounted cash flow models or through performing independent valuations of inputs and assumptions similar to those used by the pricing service in order to ensure prices represent a reasonable estimate of fair value. Although the Company does identify differences from time to time as a result of these validation procedures, the Company did not make any significant adjustments as of March 31, 2024 or December 31, 2023.

#### **Commercial Mortgage Loans**

For disclosure purposes, the fair values of commercial mortgage loans were estimated using a discounted cash flow valuation. The valuation includes both observable market inputs and estimated model parameters.

Significant observable inputs to the valuation include:

- Pricing for loans originated by StanCorp Mortgage Investors and funded during the most recent month.
- Pricing for loans committed by StanCorp Mortgage Investors near the valuation date.
- U.S. Government treasury yields.
- The contractual terms of nearly every mortgage subject to valuation.

Significant estimated parameters include:

- The use of risk characteristics including stabilized debt coverage ratio and loan-to-value ratio.
- Variations in valuation spread between loans based on individual risk characteristics.

Valuations for commercial mortgage loans measured at fair value on a nonrecurring basis using significant unobservable Level 3 inputs are sensitive to a number of variables but are most sensitive to net operating income and the applied capitalization rate. Generally, an increase or decrease resulting from a change in the stabilized net operating income from the collateralized property would result in a directionally similar change in the fair value of the asset. An increase or decrease in the assumption for the capitalization rate would result in a directionally opposite change in the fair value of the asset.

- (5) The Company did not have any derivative assets or liabilities as of March 31, 2024.
- B. The Company does not provide additional fair value information in the notes.

Per SSAP No. 107 - Risk-Sharing Provisions of the Affordable Care Act, the ACA risk-sharing provisions include health plans in the individual or small group markets. The Company writes group dental and vision plans. Per SSAP No. 107, group plans are required to contribute funding but are not eligible to receive distributions under the risk-sharing provisions of the ACA.

#### 25. CHANGE IN INCURRED LOSSES AND LOSS ADJUSTMENT EXPENSES

- A. Reserves as of January 1, 2024 were \$141.0 million. For the first three months of 2024, \$12.4 million had been paid for incurred losses and loss adjustment expenses attributable to insured events of prior years. Reserves remaining for prior years were \$130.8 million as of March 31, 2024, as a result of re-estimation of unpaid claims and claim adjustment expenses. There was a \$2.2 million increase of prior year development from January 1, 2024 to March 31, 2024. Original estimates are increased or decreased as additional information becomes known regarding individual claims. Prior years' effects are combined with current experience in determining retrospective premium, premium refunds, and renewal rates for the larger group contracts.
- B. There were no significant changes in methodologies and assumptions used in calculating the liability for unpaid losses and loss adjustment expenses.

#### 26. INTERCOMPANY POOLING ARRANGEMENTS

The Company did not have any intercompany pooling arrangements as of March 31, 2024.

#### 27. STRUCTURED SETTLEMENTS

The Company did not purchase any structured settlements to fulfill obligations of claimants for the first three months of 2024.
