### Maintaining the Rider

To keep this rider in force, the policyowner must submit an application and income documentation during each benefit increase application period. If a benefit increase is offered, the policyowner must accept 50% or more of the increase.

In addition, the policyowner must keep at least the monthly benefit amount issued on the original base contract. The rider will be terminated if these requirements are not met.

If the policyowner’s income has not increased more than 10% since the last option date and the amount of other disability insurance in force on the insured has not changed, income documentation is not required to maintain the rider. The rider will remain active even if maximum issue limits have been reached.
